WALKING & BIKING

Transportation Safety & Investment Plan – \$600 million (est.)

The Transportation Safety & Investment Plan is estimated to receive \$20 million per year, or \$600 million total, funded by a 3/8-percent sales tax over 30-years. The revenues are split with 60% dedicated to local road maintenance, pothole repairs and safety projects, and 40% dedicated to regional safety and mobility projects.

Local Road Maintenance, Pothole Repairs & Safety – \$360 million (est.)

- Funding is divided among the cities and the County according to the formula 50% population/50% lane miles
- Cities and County select their projects with Transportation Agency oversight.
- Funding is restricted to expenditures for local road maintenance and safety projects.
- Local safety projects are defined as projects that directly correlate to safety of the user and do not increase motor vehicle lane miles with the exception of the Pinnacles Parkway Connection project.
- Maintenance of prior years' funding levels from other sources is required.

Local Road Maintenance, Pothole Repairs & Safety

Jurisdiction	Est. 30-Year Distribution
Carmel	\$4,292,000
Del Rey Oaks	\$1,566,000
Gonzales	\$4,386,000
Greenfield	\$9,131,000
King City	\$8,097,000
Marina	14,370,000
Monterey	\$22,643,000
Pacific Grove	\$12,314,000
Salinas	\$91,383,000
Sand City	\$586,000
Seaside	\$22,193,000
Soledad	\$12,595,000
County Roads	\$156,444,000
Total	\$360,000,000

Our Plan

ROADS & POTHOLES

Regional Safety, Mobility & Walkability Projects - \$240 million (est.)

- Constructs regionally significant improvements selected based on input from key community leaders, transportation planners and engineers, and your elected representatives.
- Includes traffic flow improvements on Highways 68, 101 and 1.
- Includes safety improvements at the top collision locations and corridors within the county.

MOBILITY & ACCESS

Highway & Road Safety \$160 million

Highway 68 Safety & Traffic Flow <i>Salinas to Monterey</i>	\$50 million
US 101 Safety Improvements - South County	\$30 million
State Route 156 Safety Improvements <i>Castroville Boulevard Interchange</i>	\$30 million
Imjin Safety & Traffic Improvements <i>Multimodal Corridor Improvements</i>	\$20 million
Highway 1 Rapid Bus Corridor	\$15 million
Holman Highway 68 Safety & Traffic Flow <i>Monterey to Pacific Grove</i>	\$10 million
Habitat Preservation/Advance Mitigation <i>Habitat Plan and Advance Right-of-way for Projects</i>	\$5 million

SAFETY & TRAFFIC

Mobility for All \$80 million

Pedestrian & Bike Safety <i>Fort Ord Regional Trail and Greenway - paved pathway</i>	\$20 million
Transportation for Youth, Seniors, People with Disabilities & Working Families <i>Safe Routes to Schools</i>	\$20 million
<i>Senior & Disabled Transportation</i>	\$15 million
<i>Commuter Bus, Salinas Valley Transit Center(s) & Vanpools</i>	\$25 million

Our Plan

ROADS & POTHOLES

The Transportation Agency for Monterey County's mission is to proactively fund and plan a transportation system that enhances mobility, safety, access, environmental quality and economic activities by investing in regional transportation projects for Monterey County residents, businesses and visitors.

Our Board of Directors is made up of local elected officials who want to make our transportation system better by filling potholes, making our roads safer, and reducing traffic. Representative of the County's diversity, our Board has one elected official from each of our twelve cities, and all five county supervisors.

MOBILITY & ACCESS

The Transportation Agency for Monterey County, working with our local, state, and federal partners, has made great progress on making our highways safer and reducing traffic, ranging from large projects, such as US 101 at San Juan Road; to rail or bus service; to smaller projects such as neighborhood sidewalks, bicycle paths and bike racks. However, our transportation system in Monterey County is aging and the county roads and city streets are crumbling. There are still significant safety concerns and traffic jams, such as those on Highway 68, Highway 156 and US 101. These issues stifle our regional economy and make it more difficult for our vulnerable populations – the elderly, children and the disabled – to get around.

SAFETY & TRAFFIC

The challenge facing us is that we have fallen off the fiscal cliff when it comes to transportation revenues. The primary source of transportation funding, the gas tax, hasn't been raised for 20 years and our cars are more fuel-efficient than ever before. We can't count on the State and federal government to bail us out. Meanwhile, project costs rise with inflation, and road repairs become more expensive the longer we wait. We have over \$2 billion dollars in unfunded road maintenance, safety and traffic reduction needs in Monterey County.

Community leaders have joined with the Transportation Agency for Monterey County to develop this Transportation Safety & Investment Plan, which identifies solutions to regional safety and local road needs of the highest priority.

Our Plan

ROADS & POTHoles

Local Road Maintenance, Pothole Repairs & Safety

\$360 million for maintenance of local streets, pothole repairs, and safety improvements.

Transportation for Youth, Seniors, People with Disabilities & Working Families

Investing in transportation options for older adults to support their ability to live independently in their homes and communities. Also, funding for youth transportation and new bus and vanpool service for workers to reach jobs throughout the region.

MOBILITY & ACCESS

Increase Safety and Reduce Traffic Congestion

Constructing regionally significant improvements based on input from key community leaders, the TAMC Board, city managers and mayors. These projects include safety improvements at the top collision locations and/or corridors within the county.

SAFETY & TRAFFIC

Make Walking and Biking Safer

Improving the safety and health of children by funding Safe Routes to Schools projects and programs that promote safe walking, bicycling and rides to schools, including transportation to Rancho Cielo. Also includes funding for a safe, paved regional biking and walking path that links California State University Monterey Bay, local schools and residents to parks, shops and jobs in Seaside, Marina, Del Rey Oaks, and Monterey (the Fort Ord Regional Trail and Greenway).

Matching Funds

With an approved transportation measure, our County will qualify for State and federal matching funds, essentially doubling our money. Making this investment now in our future transportation needs will help to maintain our quality of life and ensure safer travel for all of Monterey County's residents, workers and visitors.

WALKING & BIKING

Making this investment now in our future transportation needs will help to maintain our quality of life and ensure safer travel for all of Monterey County's residents, workers and visitors.

Taxpayer Safeguards

To ensure proper safeguards for these funds, this Investment Plan will be approved by the County, the cities, and then the voters. Strong taxpayer safeguards have been put in place to ensure that the projects and programs proposed in this balanced plan can be funded over its lifetime. This plan:

- Guarantees that funding raised by the sales tax can only be used for the transportation projects and programs in this investment plan;
- Specifies that the Transportation Agency for Monterey County will oversee the distribution of revenues to the projects and programs in this plan;
- Assures that these local monies cannot be taken and used for other purposes by TAMC or another government agency;
- Appoints an independent Citizens Oversight Committee to assure that revenues are spent according to the plan;
- Requires annual independent audits and reports to the taxpayers;
- Limits the ability to change the programs or projects in the Investment Plan;
- Limits funds for administrative costs; and
- Provides the ability to issue bonds to deliver projects ahead of schedule.

Strong taxpayer safeguards ensure that the projects and programs will be funded over the lifetime of the plan.
