

Review of Project Phases and Public Engagement

Bike and Pedestrian Committee
October 2th, 2024

STAGES TO DELIVERING PROJECTS

Keys to Successful Public Engagement

- Project purpose and need driven by community input
- Evaluation of alternatives against community values
- Stakeholders on an advisory committee
- Giving advisory committee clear direction on roles and responsibilities
- Decisions supporting social equity
- Consider needs of community members that don't attend the public meetings
- Establish standards and guidelines that meet technical and stakeholder needs
