

ADDENDUM #2 – February 3rd, 2025

REQUEST FOR PROPOSALS (RFP)

HIGHWAY 1 ELKHORN SLOUGH CORRIDOR CLIMATE RESILIENCY PROJECT

RFP DUE DATE: February 12, 2025, 12 PM Pacific Time

The Transportation Agency for Monterey County (TAMC) is requesting proposals from qualified consultants or consultant teams for the **Highway 1 Elkhorn Slough Corridor Climate Resiliency Project**. The revised Request for Proposals (RFP) and this addendum are available on the TAMC website at: <https://www.tamcmonterey.org/bids-and-proposals>.

Acknowledgement of this addendum is required in your proposal! Please include written acknowledgement in your proposal document to keep eligibility.

The following are TAMC’s responses to modifications made based on questions submitted to TAMC before the February 3rd RFP Question Deadline.

1. In the RFP it indicates that “The Proposal shall include the estimated number of hours individual personnel will dedicate to the project.” to be included in the Project Team section of the proposals. Can we, instead, include that information within the Caltrans CP-1 Cost Proposal?

Please include the estimated number of hours in the project team section.

2. Are we including the Cost Proposal as a separate file when submitting by email or do you want it included into one combined PDF?

Please include the cost proposal in your one PDF submission.

3. Is it acceptable to use the TAMC logo in our proposal?
Yes.
