<b>Subject:</b>	Proposal for initial rall service, to be presented to Executive Committee on June 5
<b>Would you like to receive our agendas?:</b>	
<b>Message:</b>	The Train Riders Association of California, a sponsor of Prop. 116, requests the opportunity to present our proposal for initial rail service to the Executive Committee on June 5. We believe our proposal is a fully viable alternative to what the Commission is considering

in regards to the rail ROW. Please distribute the attached proposal to Committee members. Please have your staff review the proposal, so that the Executive Committee can have a fully informed view of its feasibility. We look forward to speaking with you.
